

The 2-minute guide to library campaigns

1. Over 10 % of UK Public Libraries are under threat
2. Councils have a legal obligation to provide libraries - and they aren't allowed to charge for book loans
3. If you're worried about libraries in your area, contact your councillor and MP
4. You could also set up a campaign or a 'friends of' group - Facebook or a blog is a great way to do this
